There has never before been any formal observance of the anniversary in Virginia's capital, but the initial one bids fair to be uch a success as to insure its repetition each fall upon an ever-increasing scale.

There will be fifteen organizations in line, and they will average about one hundred members cach. All will carry banhers and wear badges except the plumbers, who will bear large keys of tin on their shoulders as insigns of their trade.

It was an interesting contest from start to finish and excitement in the audience ran high. Applegate and Luck as a battery were very effective. Darbey in the box for the Fultons excelled himself, and Leftwich caught him in fine style. He is indeed a great eatcher for an amateur.

The new players on the Old Fultons, Grady and McMahon, did excellent work. The game on both sides was well played. The last match of the series to decide the championship of the city will be played next Saturday afternoon, and will no doubt be witnessed by a large audience.

Visit to Asbland.

The Dispatch's Asbland correspondent last night sent the following special, telling of the death there of a well-known and popular resident of Richmond;

Mr. W. W. Tinsley, of Richmond, who has been in Asbland for a few days, died quite suddenly to-day at the residence of J. P. Gordon, Esq., his brother-in-law.

Mr. Tinsley was one of the best-known and most popular young gentlemen in Richmond, having been with Messrs.
Fourqurean, Price & Co. for many years, and was off on a vacation for the benefit of his health. He was a son of the late Peter Tinsley, who resided just outside of Ashland, and a brother of Mr. B. F. Tinsley, one of Richmond's most progressive merchants. His funeral will take place Monday morning from Mr. Gordon's residence, and friends who wish to attend the ceremonies can come up on the early morning mail train.

Mr. Tinsley's death was quite a shock to

Mr. Tinsley's death was quite a snock to our citizens, as he came up from Richmond last Wednesday feeling improved both in health and spirits. He was in the forty-second year of his age and was a fine-looking and robust gentleman. His family have the sympathies of our entire community, as he was looked upon as one of Ashland's best boys.

THE CASE AGAINST ADAMS. nination to Be Held Next Wednes-

day—No New Developments.

The preliminary examination of Thornton Adams, the young white man charged with the murder of "Mox" Rosdeitcher, the peddler, comes up before Squire Atlee at Henrico court-house next Wednesday. It is expected that the Commonwealth will be fally prepared to go into an examination on that occasion.

Since the search of Mr. Feitig's hay-shed by Sheriff Southward nothing of importance has been done to throw further light upon the mystery, and it is now believed that the peddler's murderer will never be known.

never be known.

The county authorities are much disappointed at the action of the Board of Supervisors in making no appropriation for the analysis of the blood-stains found in Mr. Feitig's barn and house. In their opinion much light would have been thrown upon the murder by such an investigation.

likely they will have their books ready by to-morrow.

One of the assessors last night told a Dispatch reporter that although they had been working night and day recently and had three clerks engaged, there is still a good deal to be done. He could give no idea as to what the figures will show.

Last night the book for Marshall Ward only had been completed. It shows the value of lots and buildings subject to taxation to be \$2,861,296 as against \$2,138,970 in 1885, an increase of \$722,326.

The totals for none of the other wards had been ascertained and the commissioners could not even estimate what the values would be. Fun at the Mozart Academy This Week.

Fun at the Mozart Academy This Week.

The Ferguson & Mack Comedy Company, under the management of Mr. Charles E. Rice, will appear at the Academy of Music on next Tuesday and Wednesday nights and at the Wednesday matinee. The laughter, provoking, and clear musical farce-comedy, entitled "McCarthy's Mishaus," will be presented. Of the merits of the company presenting this play it is needless to speak, when one remembers their appearance here in the same play last season. Nearly all of the old favorites are retained, and several new and clever people have been added, as well as many novel and expensive features this season. The story of the farce is simple, yet possesses strength and interest enough to allow of a great deal of fun and specialty business to be built upon it, including new music, new songs, dances, funny situations, ludicrous antics, etc. Tickets for the engagement will be placed on sale to-morrow morning.

The Paper-Mill Fire.

Captain J. R. Sheppard, First Assistant Engineer, was the first officer on the ground at the late paper-mill fire, and quickly taking in the situation directed Mr. W. H. Thompson, Superintendent of the Fire-Alarm Telegraph, to immediately send in the second alarm, which was done, and received in the remarkable time of eight minutes from the first alarm. None but the Chief Engineer and his first and second assistants have the authority to send in second alarms, which they always do through one of the fire-alarm officers, one of whom is always required to be on the ground.
